We offer convenient nationwide shipping to deliver high quality stone products directly to our customers. Once you have placed your order, our logistics team and shipping partners plan and coordinate the delivery to ensure you receive your products where and when you want them, hassle free.

Natural Stone Veneer Style Guide

ASHLAR

This stone provides a linear look with long, fairly rectangular shapes. It exhibits the face of the stone, revealing striations that can be very colorful.

SQUARES & RECTANGLES

These natural seam faced pieces are guillotined and formed into rough squares and rectangles.

MOSAIC

Irregular shaped quarry material exhibiting the seam face and/or the natural face of the stone. No shape is the same size or cut, making each stone and project unique.

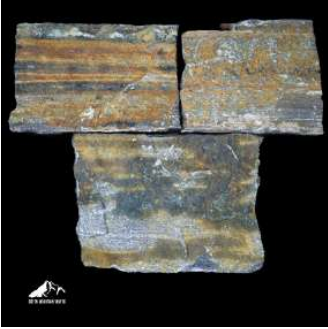

LEDGE

This roughly rectangular shaped cut has a linear appearance with a shallow, slightly varied height. Both the seam and the split faces can be seen with the split face dominating the stone blend.

American Granite

A medium to course grained granite offering a rugged look. The weathered faces display earth tones including browns, tans, blues, and rust orange while the split faces offer a mix of blue, burgundy, pink, green, brown, black and white.

Native Fieldstone

These natural round stones are hand selected from New England fields, woods and mountainsides. With rich textures and unique shapes these stones present an assortment of soothing earth tones.

Mosaic

Mosaic

Neva

This stunning veneer glistens in the sun with its marbled gray tones. Featuring a full color range from white to black, the dominating tone is a light to medium gray.

Ashlar

Squares & Rectangles

Panton Pummel

Quarried along Lake Champlain, this is a light grey to dark grey stone with some tan weathering. It is common to find fossils imbedded in this rough sedimentary stone
